

The KX-WT115 - Cost Effective DECT Handset

The KX-WT115 entry level DECT handset compatible with multi-cell functionality is designed for use as a PBX cost effective terminal and supports basic functions, ideal for small offices, warehouses and retail.

KX-WT115 in Charger

Noise Reduction

The noise reduction feature, which is available in-call detects the background noise, removes it, and adjusts the receiving volume level automatically depending on the background noise level.

Illuminated Keypad

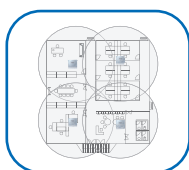

For easier operation in low lighting, the new enhanced keypad lights up when a call comes in or when you touch any key.

Monochrome LCD Backlight

Whenever you get a call or touch a key, the easy to read LCD lights up letting you see who is calling for easy operation of the phone even in the dark.

Seamless Connection – Automatic Hand-Over

There is no change in the connection quality as you walk around, moving from one cell station area to the next while continuing with important business conversation.

200-Station Phonebook

The built-in telephone directory lets you store 200 names and numbers.

Hands-Free Conversation

Plug in the optional headset and enjoy the ease and unrestricted freedom of hands-free communication. With the optional headset, you can answer incoming calls keeping your hands free to continue with any task at hand.
